Conference Housing

ASMSA is a high school residential campus. During summer months, rooms are rented for a variety of events that occur in Hot Springs. The building was originally built in the early 1900's as a hospital and later converted into its present use as a dorm and classrooms. The building is well air conditioned with excellent classrooms and older dorms.

Participants must bring bed linens, pillow, towels, rug, personal care products, alarm clock, phone, etc. All rooms are non-smoking. Elevators are available. Pets are not allowed. Rooms contain two twin beds. All rooms, including singles, share a bath. The residence hall is connected to the school by a skywalk.

Parking

Parking is available behind the residence hall, by the administration building and across the street in the First Presbyterian Church parking lot.
